Last Dance Draws Big Attendance

Carnival Features Make Hit With the Disciples of Terpsichore

Committee Already Plans a More Elaborate Series Coming Year

The summer dance series at the City Park ended last Friday evening in a blaze of glory, when the Woman's Club and the Chamber of Commerce co-operated in acting as hosts and hostesses at the most successful affair of the entire season.

The courts were gayly illuminated with a string of colored lights and four of the big new lights installed for the tennis enthusiasts, the huge globes being encased in gelatine of orange and green.

The dancers began arriving earlier than usual, in response to announcements of unusual features to be introduced, and by the usual starting hour, 9 o'clock, the "party" was in full swing.

The Moonlight Melody Boys were in fine fettle and upheld the reputation they have made during the past summer. During the prize dances, a fox trot and a waltz, ably conducted by R. O. Caukin, the music was especially good. The fox trot drew more than a score of entries, and after the judges had put the dancers through a process of elimination it was found that Mr. and Mrs. Herb Munson had won unanimous approval.

There were fewer entries for the prize waltz, and the judges found their work was greatly simplified by the fact that very few of the dancers evinced real knowledge of the waltz so well known to those who danced the lovely waltz two or three generations ago. However, there were a few who "knew their reverses" with Tony Delvecchi and Miss Gertrude Tenney of Los Angeles winning first honors. Miss Tenney is a sister of Mrs. W. E. Goff of this city.

Prizes for the dances were given by Miss Green and Mrs. Davis and the Sierra Madre News.

Following the prize dances, and as a shower seemed imminent, the carnival features were introduced in the shape of gay paper hats, assorted noise-makers and roll upon roll of serpentine. As the gayety increased the impending shower rolled on by, and the dancers continued to enjoy the festivities until the midnight hour.

One of the enjoyable features of the evening was the serving of coffee and doughnuts by the Volunteer Firemen, who answered the plea of Mrs. J. H. Robertson, president of the Woman's Club, and her committee, for this addition to the program.

Mrs. Robertson was assisted by Miss Green, Mrs. Davis, Mrs. Sturmhil and Mrs. Wolfe, while Frank Spencer and Charles E. Klunk, president of the Chamber of Commerce, did most of the work for the Chamber of Commerce entertainment committee, of which Joe R. Eastwood is chairman.

Owing to the uncertainty of weather conditions, it has been decided to discontinue the dances for the remainder of the year, but Mr. Eastwood and his associates are already beginning to plan a series of dances and entertainments for the coming season that will be unusually interesting, not only to residents of Sierra Madre, but to out-siders many of whom became regular attendants at the Friday night dances.

The tennis players are trying to arrange for the surfacing of the courts with cement instead of the present asphaltic concrete, and if this is done, the matter of Friday evening dances will be greatly simplified. It has been found necessary to use from 20 to 50 pounds of boric flakes on courts for each dance during the past season, while it is believed ten or twelve pounds would be sufficient on a concrete court.

The committee will spend considerable time in attempting to evolve ways and means of keeping the children off the dance floor during the coming season. The kiddies have had their fling the past summer and will be missed (with pleasure) at the 1930 dances. However, some means will be found to give them a full share of enjoyment during

Local Police Keep Watch on Violators Auto Regulations

Flagrant violators of motor vehicle laws and drivers who fail to heed warnings will be arrested, according to Chief of Police Gordon McMillan in a statement to the Sierra Madre News. "It is not the policy of the department to make as many arrests as possible," he added, "but it is our intention to keep a careful check on any sort of law infringement." Some tickets have already been handed out to speeders this week.

Particular attention will be paid to school and pedestrian crossings and boulevard stops, Chief McMillan pointed out. No leniency will be shown to persons who drive through school crossings while there are children thereon. This warning is to be given particular emphasis at this time when school is just starting and there are so many kiddies just learning to negotiate traffic alone for the first time.

Kiwanians To Be Hosts To District

Arrangements Being Made to Feed 200 Visitors Sept. 24

Excellent Speaker, Music and Stunts Are On Schedule

One of the most important events in the history of Sierra Madre is being planned by the local Kiwanis Club for Tuesday evening, September 24. At this time the Sierra Madre club will be host to all the eleven other Kiwanis clubs in this Tenth District at a dinner meeting to be held in the Woman's Club House at 6:30 p. m.

Arrangements are being made to take care of at least 200 persons at the dinner which will be served under the able management of Mrs. Lees and her assistants who have been handling the weekly Kiwanis luncheons so satisfactorily.

Jack Eberle, lieutenant district governor, has called the meeting to be held in Sierra Madre and he announces that he will provide the best speaker that can be found in the entire district. His name and subject will be announced in a later issue.

In addition to a stirring address, there will be lively music, community singing, and special stunts. One of the latter is to be put on by Milton and Harvey Steinberger, who made a big hit recently with their "Topsy and Eva" skit. They may decide to repeat this. Various suggestions were made for the instrumental music for the evening and a committee was appointed to arrange for the best that could be procured.

President Ray Grant announced that each local member will be allowed to invite one guest for this special occasion.

The speaker for next Tuesday's meeting will be Walter C. Blossom, from Los Angeles, who will discuss the subject of "Food Preservation."

Argyle Tully Passes Away Wednesday From Paralysis

Argyle Tully, a resident of Sierra Madre for many years, passed away Wednesday morning, September 11, at his home, 33 Sierra Place, death resulting from a paralytic stroke.

Mr. Tully had a nervous breakdown some time ago, but had apparently been improving in health. His sudden passing is a shock to his many friends.

He was born in Nevada City, California, in 1871, and had lived in California most of that time. Mr. Tully was a talented actor, musician and artist, possessing a rich baritone voice. He was in many musical comedies and original sketches of his own.

Mr. Tully is survived by his brother, Richard Walton Tully, author and producer of "The Bird of Paradise," who is at present at East Orange, New Jersey; Miss Mai Tully, who lives at the family residence. The father and mother preceded him fifteen or twenty years ago, and are buried in Monrovia.

Funeral services will be held this afternoon (Friday) at 2:00 o'clock at the Ray Grant Funeral Parlor. Rev. Hill will be in charge. Interment will be in Mountain View Cemetery, in Pasadena.

The summer months. It is also probable that a small sum will be collected at the gate from each dancer, to eliminate the weekly deficit which was met each week this year by the Chamber of Commerce.

All Unsightly Buildings to Come Down

City Building Department Starts Abatement Action Against Three

Much Maligned Dwelling on West Central Surely Is Doomed

Acting upon the authority of Ordinance No. 333, the Building Department of the city government has started a general movement to get rid of the unsightly and uninhabitable vacant buildings that have too long marred the beauty of Sierra Madre. The administration is to be congratulated upon this action and this paper ventures the assurance that they will have the hearty support of all right-thinking citizens.

Notices have been sent within the past ten days or so to the absentee owners of three such "eye-sores" and results are very gratifying, the authorities say. The old ramshackle former dwelling at 304 West Central was the first object of attack. The trustees of the estate owning the building were notified last week that they would have to destroy or remove the structure, as abatement proceedings had been started against it. Not knowing of this action upon the part of the city, however, H. A. Thew had started negotiations with said trustees to tear down the building for the use of the lumber and give a small cash consideration besides.

Further complications arose when some impatient individual, evidently unaware of either of the two actions referred to above, started a fire in the bathroom of this dilapidated shack last Saturday night shortly after midnight. The fire, which was discovered by George Norris, whose property adjoins the other in the rear, had made considerable headway before the fire department was notified. Very prompt and efficient work by the fire boys soon had the blaze under control. This was the fourth time that a fire has been started in the building and there is strong evidence that an attempt has been made to deliberately destroy the property. But work is now being carried on by Mr. Thew toward razing the old structure that has been the object of much scorn.

The owners of the old building at the corner of West Highland and Auburn Avenues have been notified by the building department that they must tear it down. The structure has been gutted by fire and is unsightly and useless. Also the house at 56 West Highland must come down, the department decrees. Long ago it was condemned by the county health authorities as unsanitary and uninhabitable. The owner has tacitly agreed to take action without legal process being necessary.

The clause in the ordinance referred to above gives the city council authority "to make such changes, alterations or repairs, or to provide for the abatement, destruction or removal of unsightly or partly destroyed buildings."

Appoint Mary Davis Temporary Head Jr. Woman's Club

A meeting of girls interested in the organization of a junior branch of the Sierra Madre Woman's Club was called Wednesday afternoon by Mrs. J. H. Robertson, president. The meeting was held at the Club House and a lively interest was displayed in the plans that were discussed for this new venture.

Mary Davis, daughter of Mrs. Ethel Davis of the Woman's Club board of directors, was appointed temporary president of the junior club. She will occupy the chair at the next meeting of the organization to be held two weeks from last Wednesday. Miss Davis is a student in the Pasadena Junior College.

Following the business meeting, refreshments were served by Mrs. Robertson.

St. Rita's School Opens This Week With 80 Enrolled

St. Rita's parochial school on Baldwin Avenue opened Tuesday morning with an enrollment of eighty eager, bright-eyed youngsters in the first to eighth grades. The opening of the new room this year, in charge of Sister Augusta, affords plenty of space so that there is no crowding in any of the rooms. The building is light, airy and spick-and-span.

Dr. A. P. Campbell Takes Practice of Dr. G. S. Bovard

Dr. A. P. Campbell of Red Wing, Minnesota, a graduate of the Pennsylvania University Medical School, will occupy Dr. G. S. Bovard's office at 149 West Montecito, upon his arrival in Sierra Madre. Dr. Campbell and Samuel L. Graham of 343 North Lima are old school mates, and the latter expects Dr. Campbell to arrive shortly.

Mrs. Bovard and young son, Gilbert Klemme arrived home Thursday of last week after an extended visit with Dr. Bovard's parents in the middle west. Dr. Bovard is still bedfast but his condition is improving.

New Pupils Enroll Sat. At Jr. High

Others Must Report Next Monday Before Eight O'Clock.

Bus Service Will Be Same As Last Year; New Teachers

All new students or those who are transfers from other schools and are now residing in Sierra Madre must register at Woodrow Wilson junior high before noon tomorrow, September 14, declares Arthur M. Brown, principal of the school.

"New 7-1 pupils from the Sierra Madre schools who registered at school before they graduated need not register again," adds Mr. Brown. All other pupils must report at school before 8 o'clock, Monday, and obtain their programs at tables in the lower hall of the main building. The cafeteria will be open Monday.

Regular bus service will commence the first day with the first bus at 7 and two more busses at 7:30 o'clock. The first ride will be free but students should come Monday prepared with \$1.40 to purchase 40-ride bus tickets. The busses will follow the same route that they used last year.

The school store will be open Monday for the convenience of students and teachers who desire to purchase any kind of school supplies. Seventh and eighth grade students will not have to buy any supplies except folders.

The first day of school will be run as any other day except that there will be an assembly the first thing in the morning. There will be three new teachers to greet the students, who will be announced later. They will teach in the English, science and math, and music departments.

"We are looking forward to our first day of football practice which is expected to be held the latter part of next week, when the grounds will be finished," states a member of the team.

Football suits, all new, will be available to those coming out for practice. Whether Coach W. V. Cummings will have two classes of players will depend on the turn out. Only games with other Pasadena teams will be played this year. Physical examination will be made of all going out for football.

Earl Jones Slips Away to Mexico To Get Married

Earl Howard Jones, son of Mr. and Mrs. George A. Jones, of 241 East Central, surprised his parents and friends Wednesday by slipping away to Mexico, where he was married to Miss Alma Susanna Bennett, daughter of Mr. and Mrs. Charles Bennett, now living at Long Beach, but formerly of Sierra Madre.

Earl and his bride are making their home here, where he is associated with his father in the Sierra Madre Dairy. Mr. and Mrs. J. T. Byrne, formerly of Chicago, where Mr. Byrne was a prominent attorney, will leave Saturday evening for Tucson in the interest of the latter's health. They have been at the Sierra Madre Hotel for 11 months and express deep regret that it is necessary for them to leave.

MISS MATTIE SEELEY ENTERTAINS—Miss Mattie Seeley entertained twelve of her friends at a dinner and bridge party Wednesday evening at her home, 453 Manzanita Avenue.

Net Fever Runs High In Tourney

Trophies to Be Displayed at News Office This Week-End

Players and Many Spectators Crowd Courts Every Evening

The Grand Tennis Tournament being played this week under the auspices of the recently formed Sierra Madre Tennis Association is progressing even beyond all expectations. Interest and rivalry are both keen and the courts at the city park are crowded with players and spectators both afternoon and evening.

All matches must be played off before next Monday or be defaulted. Trophies to be awarded the winners in the various events will be on display at The News office this week-end, according to the announcement of President Emil Smith. The plans are to give cups on which the name of the winners will be engraved, and these cups will be retained by the player only so long as he holds his title of champion in his particular event.

Finals have been played off in the junior boys singles and doubles, with Stuart Dittmar winner of the former and Dittmar and Carl Young champions of the doubles.

In the Men's Singles, Pritchard, Fuller, Schwartz, Smith and Miller have won their first rounds, while Graham won a "bye." Draman and W. Reitherman have not yet met.

In the Men's Doubles, Tuttle and Draman defeated Smith and Pratt in a hard fought match, 6-2; 5-7; 6-4. Schwartz and Miller took two straight sets from Blanke and Graham.

In the Women's Singles, Edith Hawks took two out of three sets from Elizabeth Glidden, and then lost two straight sets to Sarah Schwartz. Wilma Morrow, after a battle royal, took two out of three sets from Marie Jenkins.

In the Mixed Doubles, Les Miller and Elizabeth Glidden were defeated by Sarah and Preston Schwartz in the semi-finals. The winner of this match will play Mr. and Mrs. Tuttle, who won from Gruit and Jenkins, for the championship.

Warm Weather Stimulates Thirst For Book Lore

In spite of or because of the hot weather, the circulation of books at the Sierra Madre Library made a gain in August of 186 over the mark set the corresponding month of last year, according to Miss Lulu Moore, librarian. The total number of volumes taken out last month was 4488, of which number 1205, or 27 per cent of the total, were issued to juveniles. Nineteen new patrons were registered during the month.

The following twenty-three new books were added to the list last month: Non-fiction: Parker, "The Old Army;" Woodward, "George Washington;" Sierra, "Cradle Song;" Durant, "Mansions of Philosophy;" Hyde, "Five Great Philosophies of Life;" Triplett, "Salt Water Taffy;" Riggs, "Intelligent Living;" Fiction: Sath, "Once Again;" Renn, "War;" Ertz, "Galaxy;" Rea, "Six Mrs. Greens;" Richmond, "Listening Post;" Morrow, "Splendor of God;" Hart, "Hide in the Dark;" Ostenson, "Young May Moon;" Wodehouse, "Fish Preferred;" Juvenile: Bonner, "Magic Music Shop;" Carroll, "The Cockatoo;" Robbins, "Escaping the Mohawks;" Green, "Martin Johnson;" Price, "Legend of the Seven Seas;" Hauck, "Gold Trail;" Kaufman, "Barbary Bo."

St. Rita's Altar Society to Give Big Card Party

St. Rita's Altar Society will give a Bridge and Five Hundred party next Tuesday evening, September 17. The officers of the society are in charge of the party and since the proceeds are to be used in defraying expenses incurred in the Parochial School, it is earnestly hoped that all who can, will attend. A home-pieced quilt has been donated for this occasion. The usual worth-while articles will be awarded in bridge and five hundred.

Charles Hull has secured a position on the steamer City of Los Angeles, which sailed on the 6th for Honolulu.

Sweet Peas May Still Be Planted For Floral Parade

Sierra Madre boosters who still wish to help put over the big float from this city to be entered in the Tournament of Roses Parade to be held in Pasadena on New Year's Day, may still plant white sweet peas for 20 days yet, according to Mrs. A. R. Hinton who has her information from the best authorities on the subject of flower growing. Sweet peas should be planted in a trench and covered over only one inch deep until they germinate. Then more soil may be raked in around the sprouts. It is best, Mrs. Hinton says, to plant them in rows running north and south, but this is not absolutely necessary. The earlier they are planted now the better it will be, but the flowers will have a chance to blossom by January 1 if average fall weather prevails.

Sixty Day Term Given Bootlegger

Local Police Discover Unique Liquor Cache of J. Larabee

Judge Lasater Imposes Fine of \$200 or Sentence in Jail

Convicted on a charge of possession of liquor, last Saturday morning Jacques Larabee, 555 W. Highland Ave., was sentenced by Judge Wm. R. Lasater, to serve sixty days in jail when he was unable to raise the alternative of a \$200 fine imposed by the local court.

The investigation that led to the arrest was made by Chief of Police Gordon G. McMillan, and Officers Guy F. Scott and H. Peterson. The Larabee place had been under suspicion for some time, police report, but when raided only seven pints of liquor were discovered.

The bottles were concealed in the newly planted rear garden of the residence in two four-inch pipes laid horizontally about six inches under the ground. The ends were covered with bricks and dirt.

Within the pipes, the seven one-pint bottles were found, each covered with a section of automobile tire tubing and tied by a string on the neck of each to a common cord by which they could be pulled out.

Local School Will Open Monday on Regular Schedule

The Sierra Madre public school will open next Monday, September 16, on regular schedule, according to Miss Elizabeth Steinberger, principal, who returned from an extended trip to Yellowstone and other points of interest, to get everything in readiness for this great event of the year.

The class rooms and halls have all been thoroughly cleaned and the floors waxed. The lunch room will be ready to function as usual on Monday. The Fourth, Fifth and Sixth grades will meet at 8:30 and the lower grades at ten minutes to nine, Miss Steinberger states.

A teachers meeting was held at 8 o'clock today (Friday) to complete plans for opening. The successor to Mrs. Kendall, mathematics teacher, who lost her life recently in a steamer tragedy, will probably be selected at a meeting of the board today.

More Zeppelin Mail Received In Sierra Madre

The editor had the privilege of inspecting two interesting looking letters this week, which were received by local people after being carried on the Graf Zeppelin from Los Angeles to Lakehurst.

One was from Ira Marsh to Mrs. Mae Marsh of 41 Victoria Lane, and the other was sent by Robert H. Green, son of Mr. and Mrs. Elmer A. Green of 116 N. Baldwin to his uncle, Charles K. B. Nevin, Boston, Mass., who then hailed it back to Robert.

The numerous and varied assortment of stamps on these letters are most interesting and in time will prove valuable. Mr. Nevin, who visited here several days last summer, is a stamp collector of note, being now president of the Philatelic Society of New England.

Chas. Everett Davis, wife and daughter-in-law, Mrs. Ralph Davis and son, Edward Davis, spent Thursday at Arrowhead and Big Bear. Mr. C. A. Kraft replaced Mr. Davis Sr., in the market.

Canyon to Get Paving Is Decided

Report Shows Majority Are Signed Up for This Improvement

Confusion Found Regarding Delivery of New Booster Pump

At the regular meeting of the city council held Wednesday night, H. S. Gierlich, engineer of work, reported on the petition filed by the Canyon Improvement Association for the improvement of streets in Canyon Park as follows:

Total area signed, 997,706 sq. feet. Total area of assessable property, 1,884,104 square feet, and percentage signed 51.36 per cent. City Clerk Louis Dietz was instructed to start records on the project from the date of filing of petition. Upon adoption of the execution of the agreement with the special engineer of work, Engineer Gierlich was authorized to prepare and furnish specifications for the proposed acquisition and improvement of Sturtevant Drive, Canyon Avenue, Oakdale Drive, Clista Circle Drive, Alta Vista Drive, Brookside Lane, Woodland Drive, Yucca Trail (to be known as Sunnyside Lane), and all other streets and rights of way necessary for proper improvement of streets in Tract 2456.

A resolution was adopted in the execution of a proper agreement between the City of Sierra Madre and Phil Dodson, special attorney and counsel for the project to be carried out under the Improvement Act of 1925, also known as the Mattoon Act. Attorney Dodson was authorized to prepare necessary contracts and to perform all legal services in connection with the project. For such services he will be paid 3 per cent of the cost of the project.

An agreement was entered into Wednesday night with Paul E. Kressly, consulting engineer, for a complete, comprehensive survey of Sierra Madre's water distribution in the sum of \$3500 to be paid from the 1928 bond fund as follows: \$1000 October 1 and subsequent payments on the contract to be made on the first day of each month thereafter until \$3000 has been paid. The balance of \$500 will be paid upon acceptance of his reports by the city.

The matter of new paint for parking lines and pedestrian crossings recommended by Chief of Police G. G. McMillan before the opening of school was referred to the finance committee with power to act.

A communication from the City Planning Commission, signed by the secretary, Mrs. Sally E. Osgood, expressed pleasure and satisfaction in the choice of the Council in the appointment of Elmer A. Greer to serve as a member of the commission.

The request of J. Arrego for the removal of a pepper tree from the parking in front of his property at 108 East Central Avenue, was referred to the Planning Commission.

Mrs. Cecily A. Allen requested for the Board of Education, a continuance of the practice of placing an officer on traffic duty at the corner of Auburn and Highland Avenues on the following schedule of hours for each school day: 8 to 9 a. m.; 11:50 to 12:50 m.; 1:50 to 2:10 p. m. The matter was referred to the police committee with power to act.

By action of the Council all city cars are covered by liability effective August 14. A copy of "New Laws of 1929 Affecting Communities" will be purchased by the city clerk by authorization of the council.

The question which arose at the meeting as to the status of James H. Howard's position as special counsel and attorney for Sierra Madre in matters involving water rights in the Santa Anita Basin was referred to City Attorney Dodson.

Confusion regarding delivery of a booster pump for the city's well No. 1 having arisen, some time was given to discussion of the problem. City Clerk Dietz explained that the Byron Jackson company had been awarded low bid contract May 27 to furnish and install the pump for \$2949 but that no authority had been given him to draw the contract. He stated that he did not know upon what authority the pump had been delivered. City Engineer Earl J. Lynde was authorized to investigate the possibility of returning the pump to Byron Jackson company without cost to the city.

The bid on this pump, the lowest by about \$300, was opened May 27 when two new members Ralph W. Stewart and H. Clay Reavis were administered oath of office following the canvass of

(Continued on Page Eight)

Canyon Park Notes

A petition requesting the City Council, through the City Planning Commission to plant Jacaranda trees along roadways in Canyon Park, is being circulated by residents this week.

Envoy Pearl Grate, 134 South Workman Avenue, Los Angeles, is enjoying a much needed two week's rest at Seldom Inn cottage on Woodland Drive. Envoy Grate is in charge of the Lincoln Heights division of the Salvation Army. Her corps, now four years old, consists of 78 members, with 10 boys and girls in her Sunday school, Boy Scouts and Girl Guards. In addition to duties in her division, Envoy Grate has charge of court and prison work for the county and state in her organization, where she deals principally with men and boys. For twenty years the envoy has intervened with judges in cases deserving leniency. She holds a record of having lost only one case during that time. Envoy Grate has been highly commended by county and state officials for her splendid work along the lines of rehabilitation

and for her understanding and cooperation.

Mr. and Mrs. Charles F. Gilmore of Audubon Court, returned home Tuesday from a nine weeks' motor trip covering more than 4300 miles. They drove as far north as Vancouver, B. C., stopping at General Grant National Park and Crater Lake, continuing over the Columbia River Highway to Mt. Hood and Mt. Baker. After leaving Vancouver they proceeded down the coast to the caves of Southern Oregon and over the Redwood Highway to the petrified forests at Calistoga. Mr. and Mrs. Gilmore enjoyed a visit with friends at San Francisco, Oakland and San Jose on the return trip. They report the highways in excellent condition thruout the entire trip.

Mr. and Mrs. Fred Ward have returned to their home on Brookside Lane after spending nine weeks at Long Beach.

Mrs. Lillian E. Wheeler and her brother, Ed Harrington, entertained their father, E. D. Harrington, Mrs. Wheeler's son and

daughter-in-law, Mr. and Mrs. Eugene McCord and Mrs. Houston of Los Angeles, at a picnic luncheon served on the veranda of their home, 409 Alta Vista Drive, last Wednesday.

Noble Edwin Logan of Monrovia has purchased the house and lot on Vista Circle Drive formerly owned by Fred C. Spradling of Los Angeles. The sale was made through the office of Laura E. Cadmus.

Mrs. J. H. Dutcher and Carl Dutcher of Montebello and Mrs. A. R. Dutcher and son, Donn V. Dutcher of Azusa, were guests at Cadmus Villa during the past week.

Vernon Taylor and wife, Dr. Bertha Taylor, of Los Angeles, are guests at Rocky Ridge Cottage for two weeks.

Week end guests of Mr. and Mrs. A. N. Iffrig at the Canyon Store were Mrs. Frances Olsen and son, Forrest Bibb of Nevada, Mr. and Mrs. E. R. Lincoln and child, M. F. Iffrig of Los Angeles, Mrs. J. Spencer, E. A. and Hal Spencer of San Gabriel.

Mr. and Mrs. M. Greenbaum of Long Beach are spending the week at their cottage on Sturtevant Drive.

J. C. Pupils Not Certain As to Refund

Matter of Transportation on P. E. Now Awaiting Decision

Good Prospects for Champion Football Teams in Both Schools

Whether or not the Pasadena school board will refund any money to students who buy to-ride Pacific Electric tickets to the Pasadena Junior College will be known the latter part of this week. The book of tickets may now be obtained from the local Pacific Electric agent for \$3.85 after a car-book slip is obtained from the principal's office at the college.

School at the college will commence at 8 o'clock as usual, but on Monday, Tuesday and Wednesday the fifth period will be over by 1:55 o'clock and on Thursday and Friday school will let out at 2:05. The double luncheon hour will be in effect as last year. If the patronage warrants the Pacific Electric will run a special every morning.

All students who made out their programs last year will find their program cards on tables in the cafeteria. If a pupil has not made out his program he must see either the dean of men or woman before writing his program. John A. Anderson, former head of the commercial department, is the new dean of records.

Pasadena is said to have an excellent chance this year of annexing both the junior college and high school championships in football. First practice of the season was held yesterday for the varsity. There will be four teams at the school this year—the junior college team, varsity team, lightweight team, and mid-get team. Students interested in football should see Mr. Dunn of the physical education department before making out their programs. Excellent football material is expected from the junior high schools.

Merchants Turn Out Generously At Monday Meet

With the best attendance since its organization, the Sierra Madre Retail Merchants Credit Association held the regular monthly meeting Monday evening of this week at the Park House on West Central, at 7:30 o'clock. Seventeen out of the 22 members were present and took interested part in the lively discussion of a number of matters of vital importance to the community, such as the questions of schools and sanitariums.

Indications are that this organization, very recently formed as a branch of the local Chamber of Commerce, will grow to be a powerful influence in the city, as it is made up of men whose interests are centered right here. Ray Grant is president and Robert Davies is secretary. The committee in charge of refreshments Monday evening consisted of Al Wheeling and Joe Asbury.

The following members were present: Ray Grant, Robert Davies, Joe Belohlavek, Jr., Chas. Klunk, Albert Wheeling, Fred Griebenow, Tom Miller, W. E. Craig, Tom Solury, Joseph L. Asbury, Tom Tyler, Ralph Stewart, Henry Olsen, Roy Pickett, Milton Steinberger, Bob Babbitt and Henry Greger.

The next meeting will be held at the same place October 14, which is the second Monday. Refreshments will be served following the business meeting.

Looks as the time was coming when the men would take their knitting to the ball game. At least this is the opinion of Mrs. F. J. Niedemeyer, superintendent of the needlework department of Los Angeles County Fair. She reports that among the entries already received this year there are a number of hand crochet samples made by men in different parts of the southland. One man has woven a rug out of strips cut from old inner tubes while another has worked out beautiful embroidery pieces. There is also a buttonwork rug made of felt and there is a Russian hand bag of knotted silk.

In addition a number of men are making entries of pies, cakes, bread, etc., and even preserves in the culinary department.

At least there's one thing to be said about the new tabloid paper money. Nobody can claim it is Bigger and Better.—Chicago Evening Post.

Batter Up! Let's Go!

Firestone World Series Pennant Race

Firestone Tires and Tubes purchased from me will give me an "assist" in the great baseball sales contest now being conducted by the Firestone Tire and Rubber Company.

You can help ME to become a winner and YOU can't help but be a winner; for with Firestones you are always ahead.

Let me explain in detail.

MRS. STEWART ENTERTAINS SOCIETY—

The September meeting of La Boutique Salon 32 des 8 Chapeaux et 40 Femmes, the honor society of the American Legion Auxiliary, was held at the home of Mrs. R. W. Stewart of 233 Santa Anita Court last Saturday evening.

About 60 members and their husbands were present. Among those having membership in Salon 32, the Los Angeles County group, and present at the September meeting were Mrs. Marion Koenig, grand chapeau departmental; Mrs. Selma Britton, grand secretaire departmental; Mrs. Janet Schneider, 17th District president; Mrs. Gertrude Powell of Glendora, 18th district president; Mrs. Agnes Walker of Glendale, 21st district president; Mrs. Bertha Shiel of Los Angeles, state sergeant-at-arms; Mrs. Carroll Marks, first president of the state of California and national committee woman, and others.

The hostesses of the evening were Mrs. Stewart, Mrs. A. W. Helin of Lamanda Park and Mrs. Fred Montgomery of Highland Park, Los Angeles.

RETURN HOME AFTER SUMMER'S TRAVEL—

Mr. and Mrs. George B. Morgridge and children, Elizabeth and Howard, arrived home Saturday after a two months' tour to points along the eastern coast. They traveled as far north as Portland, Me., and as far south as Washington, D. C., visiting many points of historical interest and enjoying many pleasant experiences. The long trip was made without mishap, but upon approaching near the California line they had an exciting race with a storm, beating it by an uncomfortable margin.

Mrs. Hortense Hill, who accompanied them on the trip east, left the Morgridges at Salt Lake City on the homeward trip, going to Tacoma, Wash., for several days visit with relatives. She arrived home Friday evening.

MISS SUNSHINE ON EASTERN TRIP—

Mrs. Robert F. Babbitt, with her two children, George and La Vane, arrived home Friday, September 6, after spending three months with her parents and friends in various parts of New York State. Mrs. Babbitt claims a most enjoyable vacation but missed the nice warm sunshine of Southern California.

INITIATED INTO SORORITY—

Mrs. Ralph Stover was initiated into Beta Delta chapter of Chi Psi Omega at a formal banquet at the Westlake Mary Louise Wednesday.

Mrs. E. H. Fennel and Misses Dana and Dorothy Marie Graham and Mr. and Mrs. Jack Lockhart and Mr. Archie Fietz spent the past week end at Manhattan Beach.

Mr. and Mrs. Harry Adelmeyer entered their charming 4-year-old daughter, Betty Jean, in the burlesque division of the baby show at Long Beach Sunday. The little girl is an accomplished entertainer and much in demand at informal gatherings.

MRS. BARKER ISSUES STATEMENT—

Mrs. Barker, public health nurse, issues the following precaution to parents of children of school age:

Be sure no children with the mumps or the suspicion of mumps are permitted to go to school Monday, September 16. If parents do not keep children afflicted with mumps at home, Sierra Madre faces a possible serious epidemic.

If any parent wishes advice or to have his child examined, call at the city hall, Mrs. Barker's office, from 1 to 2 afternoons, or consult the family physician.

BRIDGE-LUNCHEON AT FROELICH HOME—

Mrs. Peter Froelich entertained charmingly at dinner Tuesday evening for guests from Los Angeles. Zinnias in shades of pink were attractively used to center the table. Favors and nut cups were of the same hues of pink. Covers were covered for six. Bridge followed.

REGULAR MEETING MONDAY—

The Eastern Star will hold its regular business meeting Monday, September 16. Mrs. Tyree has returned from her trip of three and a half months to Kansas and Nevada. She reports that her daughter, who has been in ill health, is improving.

Randolph Twycross spent the week end at Hollywood with the Wm. Bixby family. Mr. and Mrs. Convers Twycross dined there Sunday and brought Randolph home with them.

JAMES HAWKS HAS PART IN PASADENA PLAY—

J. N. Hawks has a part in the premier production of Booth Tarkington's play, "The Plutocrat," at the Pasadena Community Playhouse, which started last Tuesday evening and will continue for two weeks. Mr. Hawks takes the part of Old Doc Taylor appearing in the first two scenes of the first act. He states it has been a great pleasure to work under the direction of Mr. and Mrs. Charles Coburn, famous New York producers.

S. R. Norris is spending a two weeks vacation at Seal Beach.

The George Halpin family are at their home after an extended stay in Lancaster.

Roland Adams is recovering from a slight operation on his foot and is able to be about again.

Mr. and Mrs. J. S. Weber returned Sunday from the Edgewater Beach Club at Santa Monica where they spent the summer.

Mr. and Mrs. J. D. Sparks, with Mrs. Sparks' mother, Mrs. F. B. Pillsbury, left Saturday for a month's vacation at Manhattan Beach.

Mrs. Hilton of Salmon, Idaho, has come to Sierra Madre to make her home with her son, L. M. Hilton, at 11 North Mountain Trail.

Dr. Edythe M. Dutcher and mother, Mrs. M. R. MacDowell are returning to Bellevue Court today, after spending the summer in Santa Barbara.

Mrs. Tom Tyler is spending the week with her aunt, Miss Clara Boyce at Hollywood. They are taking side trips from there to places of interest.

Mrs. George I. Poulter and son Richard of 250 Santa Anita Court, returned Sunday from a week's vacation trip to Yosemite with Mr. and Mrs. Houck of Monrovia.

Mr. and Mrs. Vincent Fleming spent the week end with Mrs. Fleming's mother, Mrs. Edgar Malone, and sister, in Los Angeles. Sunday they went to Long Beach and spent the day fishing.

Mr. and Mrs. Fred Pagenkopf returned home Saturday from a three weeks trip into Oregon where Fred pursued the gamy trout in many of the northern streams. One brook trout scaled a trifle less than five pounds, while the Rogue River proved a good fishing ground for speckled beauties. They enjoyed their trip north, but were happy to be at home again.

ENTERTAINS GUESTS FROM LOS ANGELES—

Dr. Marie A. Everett, 153 Santa Anita Court, entertained as Sunday dinner guests Joseph Schoen of Los Angeles, also Dr. Emma Clausen, college classmate, and two daughters, Bertha and Gretta, of Lucerne Boulevard. All formerly were of Detroit, Michigan.

Bertha Clausen, the eldest daughter, graduated with a B.A. degree from Michigan State University at Ann Arbor, Mich., and now teaches in Santa Monica. Miss Gretta holds a secretarial position in L. A. and is an artist of no mean ability. They recently returned from a motor trip to Sequoia National Park and a hiking trip up Mt. Whitney.

Both Russia and China seem determined on a war of self-defense.—Louisville Courier.

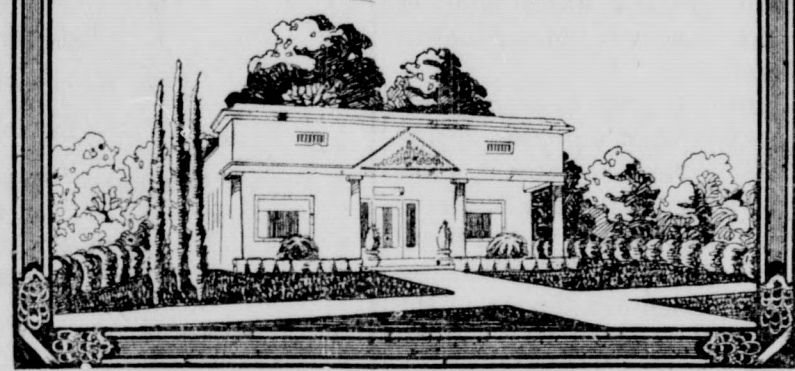

So. Counties Gas Official Elected As Coast Head

Frank H. Bivens, vice president of Southern Counties Gas Co., was the unanimous choice of the Pacific Coast Gas Association for president at the association's annual convention at Del Monte. The new head of the organized gas industry in the western states is well known in Sierra Madre and thruout Southern California. At one time he managed the properties owned by his company in this section of the state and as a result of his former business connections here, he has many warm friends and cordial business acquaintances in this community.

Mr. and Mrs. C. B. Reas of Cardiff-by-the-Sea, were up over the week-end looking after property interests and visiting with friends. They have been living in Cardiff for the past five years and are quite enthusiastic over their avocado orchard. Mr. Reas states the real estate development in and about Los Angeles is amazing, especially to one who is not in daily touch with conditions.

A Tale of Two Cities

With Apologies to Charles Dickens

PICTURE in your mind two towns. One tells a story of growth—activity—prosperity. The other suggests stagnation—inertia—slow decay. Go away from one of these towns for five years and you hardly know it when you return. Everywhere are new buildings, factories, homes. Return to the other after an absence of years and you find it practically unchanged.

Why does the one town forge ahead while the other sleeps peacefully on? Because in one place the citizens do their buying at home, while in the other they send away for the things they need or go to some other town to buy them.

Every dollar you spend in your home town is like planting a seed of prosperity for yourself—for your fellow citizens. Buying somewhere else is like a farmer planting his seeds in his neighbor's field. Fine for the neighbor—but not very profitable for the planter.

BREAKING THE BOTTLE NECK

WE all, at some time in our life, have stood before a plate glass window and marveled at the sight of a miniature ship encased in a narrow-necked bottle. How it got there was beyond our solution and we never even gave a thought to how it would ever get out.

Here we have a delightful little city "bottled up" among mountain ranges and large ranches in a very similar puzzling way. It is needless to go back into past history of rumors and facts regarding this situation which has seriously retarded our growth, but rather let us look forward to indications pointing toward a "breaking of the bottle neck."

Recently there was the announcement in one of the Pasadena daily papers that plans were well under way for opening up the Clara Baldwin Stocker estate into small tracts. This work was to be started within thirty days from the time of the announcement and it was pointed out that it was a very favorable sign since this was the first time such a step had been taken or

permitted in regard to the old Baldwin estate.

Last week the Arcadia News-Journal made the following statement as part of their report of the city council meeting of that city:

"Mayor Multer reported that Anita M. Baldwin waived escrow proceedings for deed to rights of way through her property and submitted form of deed which on its approval by council could be filed at once. This removes all possible doubt concerning her intentions about building proposed highways. She offered title for Orange Avenue, Huntington Drive and Baldwin Avenue, and expressed desire for early construction of all three routes. Mrs. Baldwin will pay \$58,000 toward cost of proposed improvements."

Then there has been constantly growing sentiment toward the opening of a street thru the Hastings ranch, connecting up this city with Pasadena. There is reasonable ground to believe that some of these movements will at least crack the old bottle neck, and give Sierra Madre a fair chance to participate in the real estate activity that is sure to strike this valley before very long.

BEAUTIFYING OUR CITY

THE circus is all over now and even the "big concert for only two bits" is nothing more than a fond memory; but it would be failure to do our duty as an editor if we did not pay tribute to the aesthetic sense of some individual or individuals, separately and collectively, who are responsible for the gay circus posters which adorned (?) several of the show windows of downtown vacant stores.

We are constantly urging cleaner premises, more frequently painted houses, planting of trees and shrubs, and it takes just such a display of color as these said circus posters to lend the right touch to the beautification of our fair city. Of course we did not all get complimentary tickets to the circus as some did, but we all had a share of the enjoyment. Selah!

A famous philosopher says he can think better if there are people whispering in the room. A triumph of mind over matter.—Southern Lumberman.

Reservations

By J. R. E.

A London rector says what is needed is an easier way to secure divorce. And to go this bird one better, we suggest that what some congregations need is an easier way to get rid of some rectors.

"Divorce by Mutual Consent" is this rummy's slogan.

Wot a idear! Every morning when the old man awakens with a grouch, the wife would walk out—divorced by mutual consent.

And in the evening, with visions of the poor goof sittin' alone and forlorn, smoking a fragrant dudden-load of horsefeathers, she would come back home and go into a huddle with 'im in the old arm chair.

And so on.....
But as one reads on he finds the rector's name in Geckie-Cobb, and what can you expect from a dominie with a name like that?

Just the same, we'd like to satisfy our curiosity by taking a peek at the poor woman whose handicap he is.

What a wonderful thing is the law! It now appears that Mrs. Pantage's attorneys will try to prove that Rokumoto's death may have been due to the operation

made necessary by being run down by an asseffed drunken driver. Or may have been caused by the anaesthetic. Under the California law, it is claimed, the deceased must have been transported into the heavenly realms my pronto "with no intervening causes" in order for a charge of murder in any degree to be successfully prosecuted against the driver of a death car.

About the best thing that could happen to the United States right now would be the scrapping of all statutes and a return to the English common law, under which a culprit charged with murder, is usually convicted with murder, and found guilty with marvelous alacrity.

As it is, every new law put on the statute books makes just one more to mutilate.

Back in South Dakota one day a hotel keeper and a commercial traveler were arguing about law and the c. t. bet the h. k. that he couldn't go thru the day without fracturing one of the "ten thousand commandments." The bet "on" and the money up, the h. k. went to his room and to bed. But he didn't rest in peace for long. A con-sta-bu-le appeared with a warrant for his arrest on the charge of providing his guests with sheets that were a few inches too short. He lost the bet.

The question isn't so much what to do with old Fords, as to what to do about the manner in which they are being driven.

Farmans Return From Trip That Took Them Far

Mr. and Mrs. W. E. Farman of 32 East Highland returned Friday from a four months' trip as far east as Kalamazoo, Mich. Two months were spent in the vicinity of Mason City, Iowa, the former home of the Farmans. They returned home by way of the Black Hills, the Big Horn country, and Yellowstone Park. The entire trip covered a distance of 11,000 miles.

Only Artificial Refrigeration

...the year around
Safely Guards Food

THE DANGER POINT

Share in \$35 Prize
Contest Awards
Totalling \$25,000

For writing best 400 word letter telling: "Why 50 degrees is the danger point," you can win first prize, Model Home or \$10,000. For information inquire at any Edison office.

DOCTORS and public health authorities are agreed that only artificial refrigeration the year around safely guards the perishable food products you use on your daily menus.

Whether the calendar says January or June, artificial refrigeration keeps the temperature exactly where it should be to avoid waste and to guard the health of your family.

Make sure your family's health is protected, all the time, by year-round refrigeration.

Remember that "fifty degrees is the danger point."

Will Observe Anniversary Electric Lite

Announcing Essay Contest for Boys and Girls Under Sixteen

Local Chamber of Commerce and Sierra Madre News Offer Prize

As a nucleus for the local celebration of Light's Golden Jubilee, an event dedicated to Thos. A. Edison, who built the first successful incandescent lamp on October 21, 1879, this newspaper, collaborating with the Sierra Madre Chamber of Commerce, is conducting a Thomas A. Edison questionnaire contest, open to boys and girls not over fifteen years of age.

While celebrating the invention of the electric lamp, the jubilee also recognizes Mr. Edison's numerous inventions in other fields, such as the quadruplex telegraph, the mimeograph, the phonograph, the moving picture machine, the carbon telephone transmitter and the "Edison Effect" which is the secret of modern radio.

President Hoover is chairman of the national committee sponsoring the jubilee. The government has also given official recognition by issuing a special two-cent postage stamp now in general use. Numerous festivals already have been held, notably in Atlantic City in June.

On October 21 there will be an international radio hook-up presenting such widely known men as Mussolini, Von Hindenberg, Ramsey MacDonald and other European leaders. In the evening there will be an international broadcast of the banquet in Dearborn, given by Henry Ford in honor of Mr. Edison. At this time the scenes of October 21, 1879, will be re-enacted. Communities throughout America will stage simultaneous celebrations.

The questionnaire contest is open to all boys and girls who live within the corporate limits of Sierra Madre and have not yet reached their sixteenth birthday when this announcement is made. The contest will close October 11 and the winner will be announced in the Sierra Madre News of October 18. Each boy and girl turning in answers will be given an Edison medal at this newspaper office. The winner of the contest will be awarded a beautiful bronze plaque in a silk case.

This award will be on display at an early date in the show window of the Sierra Madre News and will probably be given to the winner at a public meeting arranged by the chamber.

Charles B. Klunk, president of the local Chamber of Commerce, will appoint a committee of capable judges of the contest to be announced later. Some of the questions require "fact" answers while others are "thought provoking."

In honor of Light's Golden Jubilee, the Southern California Edison Company has published a special number of its house organ, "Busy Button's Bulletin," which contains much material about Mr. Edison's life and achievements. Extra copies of these will be available at all Edison offices and may be obtained by boys and girls seeking information in answering the questionnaire. Copies of the pamphlet may be obtained at the local Edison office.

New Marlborough Terrace Bungalow Is Now Completed

F. G. Huber, selling agent for Marlborough Terrace reports that lots at the Terrace are selling rather rapidly.

"I believe," states Mr. Huber, "that by this coming December all of the property at Marlborough Terrace will be sold. Most of the sales have been made to people living at Long Beach. A number of local people and also several from Altadena have purchased."

"Many of my Altadena friends have asked me if it were not possible to bring the trend of buyers to Altadena. They have inquired what there is about Sierra Madre and Marlborough Terrace in particular that is making business good. I am sure that I do not know; but this I do know: They come, they look, they buy."

"To meet the demand for dwellings, we have completed our first bungalow, 'Sunnybank.' We have reserved a number of lots upon which we shall build. 'Sunnybank' a Monterey Spanish, is very modern. It is open every day of the week and visitors are at all times welcome."

F. H. Hartman is having his car repainted this week. He says it will look like new, and it still runs as good as new.

Mrs. John Colbert spent Tuesday in Los Angeles.

Canyon Park Notes

ENTERTAIN FOR DEPARTING GUEST—

Marie Jenkins and Angela Schneeberger entertained at Miss Schneeberger's home, 189 North Hermosa, with a farewell party Tuesday evening in honor of Mrs. Lawrence McCarros, who will return Sunday with her infant son to Tucson, Arizona.

The rooms were attractive with fall flowers. Two tables of bridge were in play during the evening, honors going to Dolores Oswald and Elizabeth Gatz. Delicious refreshments were served later in the evening.

Those present were Mary Brain, Elizabeth Gatz, Dolores Oswald, Mrs. Emil Smith, Marion Solury, Mrs. Lawrence McCarros, Angela Schneeberger and Marie Jenkins.

Mrs. McCarros has spent the past three months here as the guest of her mother, Mrs. Ranan, at the corner of Auburn and Highland.

JANET ALLEN RETURNS FROM EUROPE—

Janet Allen, daughter of Mr. and Mrs. H. E. Allen, arrived home Monday morning after a little more than a year spent in Europe, studying and visiting.

The school year was spent in Florence, Italy, at Mrs. Laura Stevenson's school. Miss Allen specialized in sculpturing in Italy, studying under the well known Italian teacher, Scrizzelli, who has done several war memorials under Mussolini. A figure of St. John, done from a cast, was handled with talent. Since May, Miss Allen has been visiting relatives and friends in England and continued her study of sculpture, modeling there chiefly from life.

JOAN NORDSTROM OPENS TEA ROOM—

Filling a long-felt need in Sierra Madre, a tea room opening is announced on another page of this issue by Joan Nordstrom of 91 East Laurel. The manager suggests that reservations should be made by phoning Black 272.

Stanley Middough left Saturday for Washington State College, Pullman, to resume the study of law.

LONE EAGLE INVITED TO POW-WOW—

Lone Eagle is in receipt of a unique invitation and the first of its kind that he knows of, to attend the Sioux adoption and confirmation ceremony of May Montoya into the Sioux tribe and family of Chief Standing Bear, on Sunday evening at 8 p. m. at the City Club, Los Angeles. May Montoya is an Indian of the Iroquois tribe and she is to take the place of the chief's niece who recently died. Her husband, O. G. Jones, will also be adopted.

David Patterson of Hollywood formerly of Sierra Madre, spent Wednesday here. He has just driven from Minneapolis.

Mrs. Winifred Helliwell, now of Long Beach, spent the day Wednesday in Sierra Madre looking after property interests.

Dr. May Culbertson Laidlaw went to Long Beach Wednesday afternoon, called there by the illness of her sister-in-law, Jennie Laidlaw.

Mrs. Marvin Coats and daughter Miriam left Wednesday for several days visit with friends in Los Angeles.

Mrs. Mesecar Offers Selection Of Cut Flowers

Mrs. Nora M. Mesecar, well known business woman of this city, announces that beginning next Saturday, September 14, she will offer for sale in her office at 13 Kersting Court, a wide selection of choice cut flowers at the same price one has to pay at the florist shops on the boulevard. This step was prompted, Mrs. Mesecar states, by the fact that there is no place up town where cut flowers may be bought and her central location and the nature of her other business, all combine to make this the ideal side-line for her.

She will continue to display and sell these cut flowers each Saturday as long as the demand warrants. Orders will also be taken during the week for immediate delivery.

Atwater Kent Is Selected By Donald Thayer

One of the last acts taken by Donald Thayer, Sierra Madre's celebrated baritone, before he left for New York last week to begin his concert season, was to order an Atwater-Kent screen grid radio from the Sierra Madre Hardware Co., local dealers.

This set is to be delivered to Mr. Thayer in the eastern metropolis shortly after his arrival, or about Sept. 15. The selection of this instrument by such a connoisseur of tone quality as Mr. Thayer is striking evidence that Atwater-Kent's claim to radio supremacy is well founded.

Australia complains that it has a serious used-car problem. So have most of the rest of us car owners.—Dallas News.

Henry Ford himself raises the question, "What will we do with the old Fords?" We know; mix 'em with the old razor blades.—Chicago Tribune.

Wilhelm the Late, speaking of Germany, says, "If I go back, I'll go back as kaiser." That seems to settle the matter.—Minneapolis Journal.

King George's Dog Flees Palace.—Head-line. But there could be one thing worse: King Geo.'s Dog Flees Palace. — Arkansas Gazette.

The wets say prohibition is a failure and the dries insist that it is a success, so why in the world don't both sides shut up?—Louisville Times.

If it were not for man's faith in his fellow man, it would be comparatively easy for a fellow to live within his income.—Louisville Times.

36 years of work to build prestige and prices for your fruit

Only the California Fruit Growers Exchange offers this dollars-and-cents asset to California citrus growers

When you join the California Fruit Growers Exchange now, you get the benefit of consumer and trade preference for your fruit that has taken 36 years for the Exchange to build.

And you get this 36 years of work—work for you—entirely free. It's something like buying Ford stock today at the price the original investors paid for it.

The pioneering days are over. The California Fruit Growers Exchange is a going, successful organization, backed by 36 years of experience with three times as many satisfied members as all other California citrus marketing systems combined.

When you join now you are joining hands with 11,500 growers—three out of every four in California—who have found through their own personal experience that they get more money by marketing their fruit through the Exchange.

Carefully standardized grading and packing, aggressive advertising and merchandising, have built into the name "Sunkist" a good-will value which economists estimate to be worth \$10,000,000 to Exchange growers.

No other fruit, no matter how good, carries this

prestige. That is why Exchange growers, year after year, average the highest returns for their fruit.

Comparative figures prove this fact beyond argument. The most recent comparison, on a size for size, grade for grade basis—in the same markets on the same days, showed that Exchange fruit averaged \$43 1/2 per box more than non-Exchange fruit.*

In addition to these higher prices, Exchange growers add still more to their profits because the cost of all Exchange services (including advertising) is less than the marketing cost alone of any other organization.

Learn all the facts about the Exchange—why it has become one of the most successful cooperative organizations in the world. Find out what it can definitely do for you. Talk to the manager of your nearest District Exchange or Exchange Association, or address Growers Service Bureau, California Fruit Growers Exchange, Box 530, Station "C," Los Angeles, for further information.

*Complete details of this comparison (exact brands compared, etc.) will be gladly furnished you by any Exchange grower service man, district exchange or association manager.

Shall West Denude Its Forest Area

Question to Be Discussed by National Chamber of Commerce

Shall the West continue to prosper or be checked in its advance to a center of world importance by the denuding of the forestry lands? This is one question of great importance which the delegates to the Western Divisional meeting of the United States Chamber of Commerce at Ogden, Utah, Sept. 30 and Oct. 1 will consider.

Walter Mulford, professor of Forestry, University of California, who has said that the West shall rise or fall according to our management of forested lands, will lead the discussion on this topic. Leaders of forestry thought from every one of the eleven western states will lend their thought to bringing about a plan to insure a preservation with intelligent utilization of western timber areas.

In making this announcement, Paul Shoup, western vice president of the National Chamber, further states that the subject of Mexican Immigration is also scheduled for thorough discussion to clarify all phases of the question. "The National Chamber," says Mr. Shoup, "considers this topic of such importance that it has directed its immigration committee to make an exhaustive study of the subject, and members of this committee from all parts of the United States will be in attendance at Ogden to find out what the West thinks about the matter."

Reclamation, of vital interest to every state of this Western group, will also be a subject upon which national leaders will discuss at the Ogden conference.

Howard Buys the Arcadia Journal From A. J. Hicks

C. C. Howard, former owner of the Monrovia Daily News, has purchased the Arcadia News-Journal from Archie J. Hicks, and has plans in the making for erecting a new building, the purchase of considerable new printing equipment, and the development of a plant adequate to the needs of that growing city.

Mr. Hicks purchased the Arcadia News from the Rousches about two years ago and has published a newspaper that reflected fine community spirit. Mr. Hicks will probably not remain long out of the newspaper field.

City Planners to Dine and Talk At Sunland Park

John Steven McGroarty, a man who knows California as few men do, will welcome the next meeting of the Association of City Planners of Los Angeles County, to Tujunga, on September 14. A splendid program has been arranged to follow a luncheon at 12:15, at the Tujunga Woman's Club. Those desiring to attend the luncheon-meeting may reach Tujunga by way of Devils Gate Dam, and proceed to Monte Vista Park in Sunland.

What is probably the most unromantic remark of the month is a Chicago chemist's report that the watermelon is 92 per cent water.—Detroit News.

Coaching Staff of Five Experts at So. California

University of Southern California varsity football squad will have a coaching staff of five for the 1929 season, it is announced. Headed by Coach Howard Jones, the staff will have "Bill" Hunter, Justin M. Berry, Gordon Campbell and Cliff Herd as assistants. Jones specialty is line coaching and he will have Barry to give him his principal assistance in the forward wall department. The others will devote their time and talents to the backfield.

Coaching the Southern California frosh during the coming season will be Aubrey Devine, former all-American quarterback at Iowa, assisted by Lloyd Thomas and Charley Boren, both of whom finished three seasons of football under Coach Jones at U.S.C. in 1928.

San Gabriel Valley Ideal Air Service

With aerial transportation increasing at an astonishing rate and new airplane industries constantly being established, the eyes of the aviation industry in Southern California are turning toward the San Gabriel Valley as an almost ideal area for the location of flying fields and airplane factories.

With the establishment of a Los Angeles county airport somewhere in the valley, a proposal now under consideration of the board of supervisors, and expansion of the highway system to provide better ground transportation facilities, the San Gabriel section is destined to become the real center of aviation activity in the southwest.

These are conclusions reached by directors of the San Gabriel Valley Development Association following a conference last week with officials of the Western Air Express, pioneer passenger plane operating company, and an inspection of the new Western air terminal on Valley Boulevard immediately east of Alhambra.

Hal Shields, Western Air passenger traffic manager, told association representatives that his concern moved its terminal to the Valley Boulevard site after a survey of the country revealed that the San Gabriel Valley is less affected by fog and other weather hazards which interfere with flying. More and better highways should be constructed, however, Mr. Shields said, to provide proper ground transportation facilities.

The manufacturers of invisible hairnets seem to have gone into the making of hosiery.—American Lumberman.

If you left it up to them and didn't use any persuasion one way or the other, fruit juices would rather ferment than jelly.—Kay Features.

Greta Garbo Starring At The Lyric

Idyllic days sailing aboard an adventurous windjammer over the blue of the Pacific—nights of romance beneath the palms.... For the sea scenes in the picturization of "The Single Standard," the former rum-runner "Lily" was rechristened "All Alone" and put into commission with a picturesque crew of sailors who served before the masts of many historic ships in the good old days when ships were of wood and men of iron. "The Single Standard," with Greta Garbo in the starring role appears at the Monrovia Lyric the coming Sunday and Monday.

Mysterious destruction and sudden death have been associated with dragons in the Orient from time immemorial and research into ancient Chinese lore uncovered many amazing facts for use in the new Paramount all-talking mystery melodrama, "The Mysterious Dr. Fu Manchu," coming to the Monrovia Lyric Tuesday, Wednesday and Thursday. Thruout the story of "The Mysterious Dr. Fu Manchu" the dragon mysteriously appears in the hands of those marked for a sudden and terrible end. In addition to Warner Oland in the title role, the cast includes O. P. Heggie, Jean Arthur, Neil Hamilton and William Austin.

Loretta Young is featured in "The Girl in the Glass Cage" and Carroll Nye plays opposite her in an unusual and refreshing type of love story. A cast composed almost entirely of "villain" types supports them, and the characters are all antagonists too.

A necessity is a luxury the Joneses have.—Brooklyn Times.

An optimist is a man who shows his girl how to use a revolver.—Dayton Journal.

We'd like to see the man who invented the budget system taking a vacation.—Winston-Salem Journal.

English peer is knocked out in amateur prize-fight. Now we know what is meant by a belted Earl.—Dallas News.

Many Exhibitors To Show Wares At County Fair

If hundreds upon hundreds of exhibits and unprecedented enthusiasm on the part of the entire Southland make a successful fair, the success of the Southern California Fair which will be thrown open to the public September 24 at Riverside is already assured, for reports from the fair headquarters state that the exhibitions of fruits, produce and livestock eclipse anything ever assembled in the state are to be on display. So huge is the list of entries, it is stated, that fair officials are having difficulty in providing space for all wishing to exhibit, and original plans for enlarging the agricultural tent and livestock sections have been found to be wholly inadequate. However, space for all will be provided, according to Mrs. C. G. Cravens, secretary, but she stated that entries should be sent in at the earliest possible moment so that there will be no waiting or confusion when the fair opens.

Nearly 400,000 Visitors Come to State in 7 Months

Accurate check maintained at the state borders shows an actual count of 366,568 pleasure visitors from other states arrived in California by motor alone from January 1 to August 1 this year, according to an announcement from the All-Year Club. Of this number 183,068 came directly to Southern California via Yuma, Blythe and Daggett, an increase of 18 per cent over the corresponding period last year. The visitors traveled in 124,491 automobiles with an average of 2.9 persons per car.

The figures are obtained by the 21 checking stations covering all roads entering the state, maintained by the state department of agriculture in their Mediterranean fruit fly inspection, and the Division of Motor Vehicles, who issue visitors' permits to motorists from other states.

The reparations difficulties at The Hague suggest that there is imminent need for somebody "to teach the Young idea how to suit."—Virginian-Pilot.

World Premiere At the Playhouse

The Pasadena Community Playhouse is presenting Mr. and Mrs. Charles Coburn, noted New York actors and producers, in the world premiere of "The Plutocrat."

The all-star supporting cast of Pasadena Players includes, Cyril Armbrister, last seen in "Enchanted April;" Charles Levison of San Francisco, playing Sven-gali; Alice Turner, who played Lady Caroline in "Enchanted April" at the Playhouse; Ralph Freud, associate director; Robert Young, Sherwood Walgamott, Vangy Beilby, and James Hawks of Sierra Madre.

Following the production of "The Plutocrat" the Playhouse will stage "Mary Mary Quite Contrary," "Nellie, the Beautiful Cloak Model," and a stupendous production of Shakespeare's "Julius Caesar."

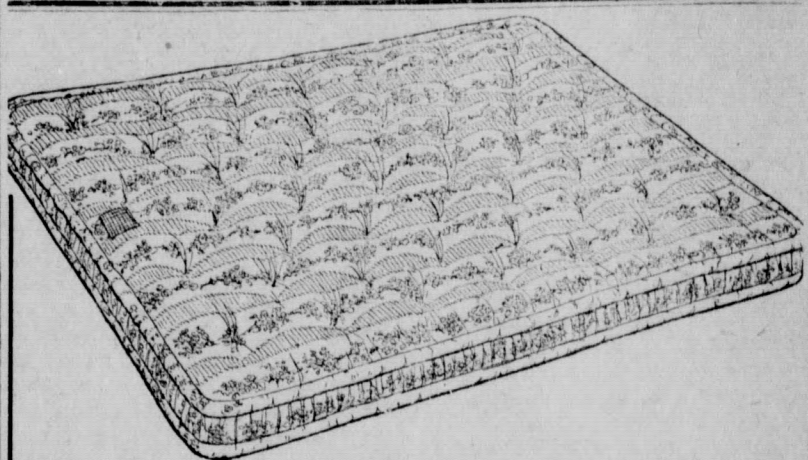

STATE PICNICS

More than 10,000 former residents of Michigan are looking forward to the mammoth annual official picnic reunion which will be held all day Saturday, Sept. 21st. The program will open at 2 o'clock and will include both oratory and music. This will be the only picnic of the Michigan Association in Southern California this fall.

All Oklahomans are called to the annual fall picnic reunion, all day Sunday, September 15, in Sycamore Grove Park, Los Angeles. The special drawing card will be the featuring of the opening of the Cherokee Strip, one of the outstanding, historic, spectacular events in the story of the making of a magnificent commonwealth.

A girl who was Miss America a few summers ago is reported to have put on forty pounds. We shall bear her in mind, in case of selecting a Miss Western Hemisphere.—Detroit News.

The proposed new calendar would have an extra Sunday, and we are against that. There are far too many automobile accidents as matters stand. — Nashville Banner.

CONGREGATIONAL CHURCH PICNIC

The annual Church Picnic of the Congregational church was held on Wednesday at Alhambra Park. Fully 150 adults and children left the church at 10 o'clock in private autos under the direction of Mr. E. D. Burbank, chairman of transportation.

The day was spent in varied ways, much of the activity centering about the swimming and wading pools. A bountiful luncheon was served by a committee of ladies with Mrs. P. C. Kortkamp as chairman. The party returned in the late afternoon and all voted it one of the best picnics ever.

SOCIAL GATHERING AT CHURCH PARLORS

A social gathering will be held Friday evening, September 20, at the Social Hall of the Congregational Church. Mrs. Nestor Young's committee is planning the meeting and all members and friends are requested to attend, especially new members of the congregation.

Lester Bodine and Charles Hull returned on the 1st from a two weeks auto trip through Oregon, Washington, British Columbia and Alaska.

Local People Have Eventful Vacation Trip

Misses Doris Bayard and Lorraine O'Banion of this city, and Miss Regina Soper of Pasadena, returned last Friday evening from a two weeks' vacation trip spent in Yosemite Valley and in San Francisco. The trip was made by auto and every point of interest along the way visited. Miss Bayard visited her aunt in Oakland and Miss O'Banion visited her aunt and friends in San Francisco, where her mother, Mrs. A. E. O'Banion, has been visiting for several weeks past. Mrs. O'Banion went by airplane to San Francisco several weeks ago to visit her sister-in-law, Mrs. Richardson of San Francisco, leaving about 5 o'clock on a Sunday afternoon and arriving in the north about three hours later. Mrs. O'Banion accompanied the girls home. Delightfully cool weather was reported in San Francisco in addition to the city's many other attractions. One of the many thrills encountered on this trip was that of being hailed to rush two badly wounded young men to a doctor in a nearby town.

As a last desperate effort to foil the run runners, Detroit and Chicago might be ceded to Canada.—Brooklyn Times.

Vedder Appointed Exclusive Agent For RCA Radio

Claude Vedder, proprietor of the Electric Store at 60 Windsor Lane, announces this week that he has been appointed exclusive agent in Sierra Madre for the famous RCA Radiola. Although he has been handling radios since 1923, he states that he has been reluctant to take the agency for any particular line of electrically operated sets while they were going through the experimental stage. Now, however, Mr. Vedder says that he believes this type of radio has reached a

stage of perfection which should warrant public confidence, and he feels particularly fortunate to be able to secure the agency for such an outstanding instrument as the RCA Radiola.

"Before you buy a radio," Mr. Vedder advises, "be sure to have an RCA demonstration. The new Radiola has all the best features of modern radio research and engineering. They give you more for your money than ever before. It will pay you to compare Radiolas, point for point, with all the other good radios on the market. Then you will be able to make a wise and satisfactory choice."

(Continued from Page One)

votes of the May 25 recall election. The resignation of Mayor W. J. Lawless was also presented on that day. The minutes of the council meeting of May 27 record the proceedings as follows: "The City Engineer presented his report of May 27th, 1929, on bids for the furnishing and installation of a new deep well turbine and booster pump at Well No. 1 and recommended the purchase of the Byron-Jackson centrifugal booster pump at \$2949 and that all bids on the installation of a deep well turbine be rejected, and recommending that the board advertise

for bids for a reconstruction job on the existing pump."

Moved by Trustee Belohlavek, seconded by Trustee Isaacs that the bid for the booster pump, under Item 1 be and it is hereby awarded to Byron-Jackson Pump Co. at \$2949 and that all bids on the deep well turbine and the replacement of the old existing pump be rejected, and the board readvertise for a reconstruction job on Well No. 1."

The next regular meeting of the council will be held Sept 25.
